## **Big Cat Grease Cutter**

### **Cleaning Compound, Solvent-Detergent**

A biodegradable and environmentally safe concentrated industrial cleaner and degreaser specially formulated to clean and degrease oil, grease and soil, removes soot, resins, gums, polymers, oils, dyes, and hard soap scum. Completely water soluble and safe for cleaning ferrous and nonferrous metals. Minimum foaming properties, free rinsing. Contains no chlorinated solvents and is a blend of emulsified, wetting agents and the strong dissolving powders of a safe, nonflammable cleaning solvent. Excellent for use in scrubbing machines. Can be used full strength to remove extremely resistant soils, but for normal use dilute with hot or cold water on painted walls, glass or ceramic surfaces, floors, wax stripping and removal of rubber heel marks, conveyors, engines, ovens, deep fat fryers, greasy floors, tar and asphalt. This concentrated amber liquid with an orange fragrance forms a stable emulsion.

## BIG CAT GREASE CUTTER

An extremely concentrated, specially formulated liquid chemical concentrate designed to overcome the toughest cleaning problems. Quickly and efficiently cleans and degreases oil and soil. Also removes soot, resins, gums, polymers, oils, dyes, and hard soap scum.

Completely water soluble and safe for cleaning ferrous and nonferrous metals. Minimum foaming properties, free rinsing. Contains no chlorinated solvents and is a blend of emulsified, wetting agents, and the strong dissolving powders of a safe, non-flammable cleaning solvent. Protect from freezing. Excellent for use in scrubbing machines.

**DIRECTIONS:** The concentrate can be used full strength to remove extremely resistant soils, but for normal use dilute with hot or cold water as follows.

**GENERAL CLEANING AND LIGHT SOILS:** Painted walls, glass or ceramic surfaces-1 part to 50 parts of water and rinse immediately. **Caution:** Some points may be affected by the cleaner, test a small area first before proceeding with the job. **MEDIUM SOILS:** Cleaning floors, wax stripping and removal of rubber heel marks-1 part to 20 parts water. **HEAVY SOILS:** Conveyors, engines, ovens, deep fat fryers, greasy floors, etc.-1 part to 3 parts water.

**WARNING:** Do not get in eyes, on skin, or on clothing. Avoid breathing vapors. Keep container closed. Use with adequate ventilation. Wash thoroughly after handling. Do not take internally. **FIRST AID: EYES:** Flush eyes immediately with cool water for 15 to 20 minutes. If irritation does not stop after washing, contact a physician or go to a hospital emergency room. **INTERNAL:** Do not induce vomiting. Drink large quantities of milk or water and then go to a physician or hospital emergency room. **SKIN:** If product is splashed on skin, wash with water. If irritation continues, see a physician. If product contacts clothing, remove clothing and wash before wearing again.

**KEEP OUT OF REACH OF CHILDREN.**
